Pediatric and Neonatal Nurses Forum, India (PNNFI) in partnership with ECHO, India organizes

Capacity Building Programme on Nursing Care of a Pediatric Surgical client

We are pleased to inform you that the PNNFI is organizing a virtual capacity building program for nurses, students and faculty in the Schools and Colleges of Nursing in India.

Training objective: The capacity building program will prepare the nurses to

• Update their knowledge related to nursing care of a child with various pediatric surgical conditions i.e CVS, GI, Genitourinary, Neurological and ENT.

Training plan: One day per week (Tuesday), at 6-7 pm, duration of each session - 1-1.5 hours on Zoom platform. There will be total 19 sessions which will be completed in **five** months.

Methodology – Case presentations, Lecture and discussions

Participants: Staff nurses, student nurses, Nursing Faculty (preference will be given to those working in pediatric facilities). Training will be provided in batches, each batch of approximately 40-50 nurses.

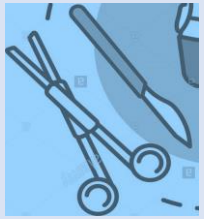

Certification: Certificate of completion will be provided to participants who have >80 % attendance and who score >70% marks in the post test.

Training fee: Completely FREE
